

# GrowStrong Viti Fundamentals

Are you a dedicated grower eager to enhance your viticulture business? Welcome to GrowStrong Viti Fundamentals - a dynamic course tailored to specific regions.

**GrowStrong**  
Empowering Wine Grape Growers

This program is supported by the Wine Grape Council of South Australia, through funding from the Australian Government's Future Drought Fund and the Government of South Australia.

Our immersive course is packed with practical tools and invaluable knowledge that will equip your viticulture business to meet the demands of grape growing for the immediate and long term future.

#### In-Depth AWRI Sessions:

Spend two days with the Australian Wine Research Institute, where region-specific topics including pest and disease management, soil health, energy efficiency in the vineyard and weather monitoring tools will be explored in detail.

#### Highlights:

- Two days visiting various vineyard sites (via bus)
- Latest viticulture learnings
- Interactive content
- Dinner and a wine tasting event

#### Spaces are Limited - Reserve Yours Today!
